flier miles could be so funny?! Weve had that same conversation about earning more miles every year! From PowerPoint presentations to conference calls to parents using technology, Greg Schwem expertly shows us the humor in every day occurrences. Thats the sign of a great comedian, and Greg Schwem nails it on every page of this book! Ill never look at a salad bar the same way again. Thanks for the laughs!1 of 1 people found the following review helpful. Hilarious Book!By Laura SLaughs on every single page! I'm buying more, Happy Holidays to all my office mates, even the grumpy ones will get a chuckle! Great airplane read!!!! Love it.0 of 0 people found the following review helpful. Recommended!By Allen WiltonReally enjoyable read. I buy a lot of business books, self help stuff and this is none of that. It's just lighthearted funny stuff. I'm always looking for easy gifts to give and this is a good one for my friends in the corporate world.

The "BS" stands for "Business Stories." But these aren't tales about working in the Depression, spun by your grandfather as he dreamily inhales from his pipe. The Road to Success Goes Through the Salad Bar is a chance for corporate America to laugh at itself through observations gleaned from Greg Schwem, a stand-up comedian who has spent nearly 20 years performing for some of the nation's largest and most profitable companies. Topics such as Skype-powered job interviews, multi-million dollar "team building" events and the business person's insatiable lust for frequent flier miles are all skewered equally in this fast paced, hilarious read. Greg also shares serious business insights and tips that have made him one of America's most popular business speakers including how to look in the most unlikely places to find ideal job candidates and why the office staff of the future should include a chimpanzee. Required reading for CEOs and cubicle dwellers alike, The Road to Success Goes through the Salad Bar will have you laughing all the way to the office.

"Like The Office and Dilbert, Greg Schwem has the rare ability to make corporate America Chuckle at itself. A smart, fun read." - Daniel H. Pink, author of TO SELL IS HUMAN and DRIVE
