Michael Hirst : The Script of "Elizabeth" before purchasing it in order to gage whether or not it would be worth my time, and all praised The Script of "Elizabeth":

0 of 0 people found the following review helpful. The Script of "Elizabeth"By KSMThe introduction, written by the author of the script, is exceptional. He reveals his effort throughout the entire process of initially writing the screenplay to rewriting and working with the director and actors during the shooting of the movie. Throughout the book, photographs taken during production and stills from the movie are included -- a wonderful addition. It is, of course, an exceptional script. Anyone wanting to learn script writing should read this to gain insight on how to construct plot, action, and dialogue.0 of 0 people found the following review helpful. Script better than expectedBy Just CarrieGot my script although it is a book with lots of pictures. It was not what was expected but nonetheless a great book...It is used so it is showing a bit of wear and tear. I am happy with it. It came with the expected time actually a bit earlier in fact.0 of 1 people found the following review helpful. One StarBy linda harmeyerthe history is

inaccurate and written only for screen audience and not for the historian.

The screenplay of "Elizabeth", a film starring Cate Blanchett as Queen Elizabeth I, Geoffrey Rush as Walsingham, Christopher Eccleston as the Duke of Norfolk, Joseph Fiennes as Dudley, Richard Attenborough as Cecil, and Kathy Burke as Queen Mary.
