Johnny Virgil : The Snitch, Houdini and Me: Humorous Tales of Death-defying Childhood Misadventure

before purchasing it in order to gage whether or not it would be worth my time, and all praised The Snitch, Houdini and Me: Humorous Tales of Death-defying Childhood Misadventure:

1 of 1 people found the following review helpful. LoveBy Kindle CustomerI loved the stories in this book when they

were blog posts. He is a good writer, and tells captivating stories. Thank you for sharing. 2 of 2 people found the following review helpful. Prepare to laugh yourself silly

By Jen Camara I've been reading Johnny Virgil's blog for some time (since the uber-funny, and now famous, JC Penney post), so I was very excited when he decided to compile the misadventures of his youth in this book. I alternated between laughing my you-know-what off to gasping in fear that he and his youthful cohorts were not killed as a result of their childhood antics. No matter your age, you will appreciate the stories here, of friendship, brotherhood, and family. This is a guy with a finely honed sense of humor who never ceases to make me laugh. I've got the Kindle version and a signed(!) hard copy of the book. I recommend them both. (Visit his blog to request a signed copy).

1 of 1 people found the following review helpful. If you were a fly on the wall...

By MaryAnn R. How many of us wish we were a fly on a wall just to get a peak at what our kids are up to when we are not around? This book takes you with the author as he narrates his life growing up in Colonie, NY. I was especially interested in reading about the geographical area that Johnny grew up in because I too came from that general area. Johnny keeps you laughing as he tells you what it was like growing up with a sister and two brothers. It all sounds so normal if you've raised kids, especially in the 1970's. That is except for the stuff Johnny did when his parents weren't around

There is happiness, sadness and alot of suspense in this very short read. I wish this book had no end. It was a fun book to read.

"Go Out and Play and Don't Come Home until it's Dark."

"TSHAM, as I shall call it, is a damned funny book. I laughed out loud many times, and at one point was actually in tears...you won't be disappointed." Rob Kroese, Author of Mercury Falls --Good Reads
