**Lynsay Sands : The Switch** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Switch:

0 of 0 people found the following review helpful. Switching twins! By Liz J This book was so funny. I cracked up at Radcliffe's thoughts and him being concerned by being interested in the boy Charlie. The girls had such a great time switching back and forth to play the boy. And the ending wouldn't be the same without some drama of the best kind.

Only the twins would attack someone on their wedding day!0 of 0 people found the following review helpful. Loads of fun, but the disguises and subterfuge lasted a bit long for my liking..By CustomerWhat started off as a sweet little gender confusion to save two sweet twins from being forced into almost life threatening marriages, ends but more like a kinda Lucy and Ethel ( I Love Lucy) feel about the story ,but instead of crazy hi jinks to get noticed or be in "Ricky's Show" , it's always to either a blackmailer or stopping some sorta injustice like saving puppies or rescuing a country girl from a brothel or a gamblers widow from squalor and that was all in less than a two week period ;)Kinda like if Lucy and Ethel were twenty yr. old twin sisters who get into their scrapes but always for the greater good per say ;) like getting to a fight with a cobbler who's abusing a child on the way to the alter ,while pregnant ;)I'd definitely recommend this story fun and interesting and poor Radcliffe's confusion over who he loved more the Brother Charlie or sister "Beth" ( both sisters switching back and forth ) was kinda sweet if odd at times ;) I really really liked it, but the whole who's Charlie now thing ? Really started to get on my nerves after a while especially after the truth finally came to Radcliffe and everyone..But the story is definitely worth the time ;)0 of 0 people found the following review helpful. A Romp!By JudithWhat a romp! Twins who switch identities and gender, a bewildered suitor, mayhem, brothels, puppies and danger. Very quick dialogue and wonderful repartee. Thoroughly enjoyable and recommended highly.

When they first met Lord Jeremy William Radcliffe, Charlie and her twin sister, Elizabeth were escaping from their uncle-taking turns acting the young gentleman to avoid detection. But Charlie couldn't help falling head over heels-and out of a window-for the handsome lord. Of course, that was only the beginning; Lord Radcliffe insisted on showing him and her lovely sister to London. But how could he do that? With every touch, Radcliffe seemed unknowingly to incite indecent desires in Charlie, and his fraternal intent was certain to land her in a fine mess. Though it was a great game to play a boy, there was more fun in being female. And after one brush of his fiery lips when her guise was gone, Charlie swore to be nothing but his fiery woman forevermore.

About the AuthorLynsay Sands is the nationally bestselling author of the Argeneau/Rogue Hunter vampire series, as well as numerous historicals and anthologies. She's been writing since grade school and considers herself incredibly lucky to be able to make a career out of it. Her hope is that readers can get away from their everyday stress through her stories, and if there are occasional uncontrollable fits of laughter, that's just a big bonus. Please visit her on the web at [lynsaysands.net](http://lynsaysands.net).
