A screen play without all the rhetorical writingBy Bernie (xyzyzy)We have he a fun strait forwarded screen play with a small introduction by Andrew Sinclair. There is some information on Characters, credits, and casts. As with most screen play books the pages are interspersed with pictures from the movie and a smattering of explanatory footnotes.A little information about the movie for those not sure on purchasing this book:Holly Martins (Joseph Cotton) an out of work novelist (Westerns) is offered a job in post war Vienna by his friend Harry Lime (Orson Welles). When Holly arrives he finds he is late for Harry's funeral. The authorities are besmirching Harry's memory. Harry's girl (Alida Valli) after hearing of a mysterious third man at Harry's car accident suggested that Harry's death may not have been an accident.Now it is up to Holly to clear Harry's name. We may be in for a few surprises.5 of 9 people found the following review helpful. Brilliant!By A CustomerThis book gives you a thirst for the other 75 books listed

The Third Man represents a milestone in British cinema; the collaboration between Graham Greene, the director Carol Reed, and Orson Welles who plays Harry Lime, created an impact which has never lost its force.The film tells the story of Holly Martins, a Canadian writer who travels to partitioned post-war Vienna to search for his old friend, Harry

Lime. He realizes that he has become involved unwittingly in an evil racketeering network, and is obliged to bring his gangster friend to justice. This edition consists of the original screenplay, and includes a detailed analysis of the changes made during the shooting of the film - a fascinating study of the relationship between author and director.
