**Jeff Lenburg, Joan Howard Maurer, Greg Lenburg : The Three Stooges Scrapbook, Updated Edition** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Three Stooges Scrapbook, Updated Edition:

6 of 6 people found the following review helpful. Loaded with Stooze goodiesBy Steve CoxWonderfully revised, but some strange photo photo choices on the cover. (Why the stroked-out Curly, instead of a vibrant shot of the comedian?) I'm glad many of the errors from the original edition were corrected. The authors augmented the edition with more interesting shots. All in all, this is a must-have for any serious Stooges fan or scholar.2 of 2 people found the following review helpful. Great book for fun Stooges factsBy The Big MackI've read most of the book and have enjoyed it immensely. I've already read "I Stoozed to Conquer" and the two books combined have given me more information on the Stooges that I never knew anything about. In my generation all we saw of them were reruns on TV. I had no idea they had comics, merchandise or all of the shorts and cameos they did outside of just what I knew as the

Three Stooges. I strongly recommend this for any Stooge fan, then loan it to someone who thinks that the Stooges are only what they saw on a rerun. 0 of 0 people found the following review helpful. The Ultimate Book on the Three Stooges! By cjorgie This would be the ultimate authority! Jeff Lenburg's father used to be my boss and friend!

For over seven decades, fans have roared with laughter at the wild, two-fisted, knockabout antics of The Three Stooges performing their classic comedy mayhem in 200 comedy shorts, 25 features, and thousands of television and stage appearances. Chronicling the success of these beloved cinematic clowns, *The Three Stooges Scrapbook* by Jeff Lenburg, Joan Howard Maurer--daughter of Three Stooges founder Moe Howard--and Greg Lenburg is a highly entertaining tribute to the trio's enduring popularity and lasting legacy. This updated edition of the bestselling authorized and official history covers the lives and careers of the Stooges like no other. Packed with personal memories and historical facts, new findings and revelations, and archived material from family collections, as well as over 400 photographs and illustrations, this meticulously researched and written edition has it all. Intimate biographies of each Stooge, a complete and accurately detailed team history, and the most comprehensive filmography ever compiled, including production and cast lists, synopses, release dates, working titles, production footnotes, and more for every comedy short and feature and the Stooges' solo film appearances. Furthermore, it features exclusive interviews with the original stooges and later members of the famed comedy trio--Moe Howard, Larry Fine, Joe Besser, and Joe DeRita--and their family members and friends. Brilliantly capturing the physical farce and slapstick humor that propelled the Stooges to superstardom, *The Three Stooges Scrapbook* likewise offers a nostalgic look into the Stooges' imprint on all aspects of American culture, including merchandise, comic books, television, records, imitators, and fandom. The result is an amusing and appreciative biography of some of the funniest men ever to share their talents.
