As a Tim Burton nerd, I have found this book the most useful so farBy Sierra SpencerAn exhaustive encyclopedia of everything Tim Burton has ever done, as well as everyone with which he has collaborated. It also includes highly detailed information about each film (you almost don't need any "Making Of" books after this!) and my fellow "Beetlejuice: The Animated Series" fans will be happy to know that this book also contains a brief list of the cartoon's merchandise, as well as the full summaries of "Beetlejuice Goes Hawaiian" and "Beetlejuice In Love", the two proposed Beetlejuice sequels.2 of 2 people found the following review
