Their previous review by someone claiming goddess is claiming golden dawn and Wicca within their review which makes it obvious they didn't bother reading the book at all because the introduction of the book explains that this book is based on the book entitled Asarian theology by the same author and is a screenplay for a movie. The book Asarian theology gives references as to the sources of the myth of Asar Aset and Heru and is designed to give you the myth that ties into the prt m hru(the

book of coming forth by day "heru") called the book of the dead. I've studied hermetic Qabalah and have many Qabalistic treaties including S.L. McGregor Mathers of the golden dawn and many others in the Qabalistic schools who acknowledge their teachings have kemet as a very prominent source not the other way around, and they have sources for their statements. Wicca is nature worship and nature comes from the word neteru(which are the cosmic forces of nature)again stemming from kemet and not the other way around.kemet isn't the oldest culture that had a spiritual system in Africa(the source of all spiritual systems and religions) but kemet"Egypt"has the oldest proof of documented religion/spiritual science called the sphinx (horemakhet) which archeologist date back 10,500 yrs from water erosion, this is something explained in the beginning of most of Dr Ashby's books, he also taught at a university in Florida the book he used was "THE AFRICAN ORIGINS OF CIVILIZATION, MYSTICAL RELIGION AND YOGA PHILOSOPHY HARD COVER EDITION ISBN: 1-884564-50-X 8 1/2" X 11" Part 1, Part 2, Part 3 in one volume" which you can find here on and the back of that book it gives the years this course was taught by Muata Ashby PhD. Another author who highly recommends his books is Dr. Edward Bruce Bynum PhD who has a book entitled dark light consciousness here on . I could go on but there's really no need. The previous reviewer was prejudice and reviewed based on bias without research.0 of 0 people found the following review helpful. another great bookBy Tarrellanother one from Muata Ashby great book and easy to read1 of 1 people found the following review helpful. This volume contains a novelized version of the Asarian Resurrection myth that is based on the actual scriptures presented in the Book Asarian Religion (old name -Resurrecting Osiris). This volume is prepared in the form of a screenplay and can be easily adapted to be used as a stage play. Spiritual seeking is a mythic journey that has many emotional highs and lows, ecstasies and depressions, victories and frustrations. This is the War of Life that is played out in the myth as the struggle of Heru and Set and those are mythic characters that represent the human Higher and Lower self. How to understand the war and emerge victorious in the journey o life? The ultimate victory and fulfillment can be experienced, which is not changeable or lost in time. The purpose of myth is to convey the wisdom of life through the story of divinities who show the way to overcome the challenges and foibles of life. In this volume the feelings and emotions of the characters of the myth have been highlighted to show the deeply rich texture of the Ancient Egyptian myth. This myth contains deep spiritual teachings and insights into the nature of self, of God and the mysteries of life and the means to discover the true meaning of life and thereby achieve the true purpose of life. To become victorious in the battle of life means to become the King (or Queen) of Egypt.Have you seen movies like The Lion King, Hamlet, The Odyssey, or The Little Buddha? These have been some of the most popular movies in modern times. The Sema Institute of Yoga is dedicated to researching and presenting the wisdom and culture of ancient Africa. The Script is designed to be produced as a motion picture but may be adapted for the theater as well.
