Machiko Hasegawa : The Wonderful World of Sazae-San (Vol. 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wonderful World of Sazae-San (Vol. 1):

0 of 0 people found the following review helpful. Great little bookBy uncle meatGreat little book. About a post ww2

family. Lots of funny stories. The basis for the longest running cartoon in the world. 20 years longer than the Simpsons. 9 of 9 people found the following review helpful. An interesting entree into post-war Japanese society. By R. Brown Machiko Hasegawa was the author and artist behind the most popular cartoon in modern Japanese history: Sazae-san. Her series was serialized in the Asahi Shinbun newspaper from 1949 until 1974. Kicking off in the dark and impoverished days following defeat in World War II, Sazae-san was a light and witty daily ray of sunshine for a Japan struggling to rebuild. In the course of its three decade run, it sold 62 million copies in book form; moreover, it has been made into radio programs and an animated television series. Sazae-san is an upbeat if slightly ditzy woman. She lives with her utterly ordinary family who suffer her malapropisms and silly behavior with aplomb. This is a perfect place to take a peek into a typical if idealized Japanese family and neighborhood--with one slightly odd member. The book contains the original Japanese text along with an English translation, so this is a wonderful work for those studying Japan and its everyday customs. 4 of 4 people found the following review helpful. Excellent Quality and Service! By Stardica Great book and the English translations are excellent. the translated Japanese is written off to the side. if you are studying Japanese this book is an excellent study item.

This bilingual comic presents the scatter-brained heroine Sazae and her very ordinary family. Their trials and tribulations poke gentle fun at every-day Japanese life, allowing readers to share in jokes at their own expense. "Sazae-san" offers a glimpse into the daily life of a Japanese family.
