Levon Helm, Stephen Davis : This Wheel's on Fire: Levon Helm and the Story of the Band before purchasing it in order to gauge whether or not it would be worth my time, and all praised This Wheel's on Fire: Levon Helm and the Story of the Band:

2 of 2 people found the following review helpful. Great Book. By jillannfloyd I'm a longtime fan of The Band. I saw them many times including Watkins Glen and The Last Waltz. I remember Garth Hudson playing the introduction to Chest Fever as the clouds opened up to blue skies at Watkins Glen. This wonderful book was a trip through the history of The Band from Levon's perspective. It was eye opening. I would recommend this book to music lovers of the

Woodstock generation as well as anyone who has interest and curiosity in the life of this multi-talented musician. 2 of 2 people found the following review helpful. Fun Read Even if You're Not A Huge Fan of The Band By Nancy Engel Easy read and enjoyable. I knew nothing about The Band except for interviews I've seen with Robbie Robertson. I'm glad I read Levon's story to get his perspective. He witnessed the birth of rock and roll so I think it's a must read for serious music fans. It did get pretty heavy into The Band's songbook, which I'm not familiar with. But, if you are a fan of The Band, I'm sure you'll really dig this book. 1 of 1 people found the following review helpful. Great Autobiography By Reb K Enjoyed this book. An astounding tale about early rock and roll in the south, grueling, dues paying gigs on the road and eventual stardom with the Band. Levon tells all, graphically. A great read.

The singer and drummer of the Band details, in this book, the history of one of the most influential groups of the 1960s. While their music evoked a Southern mythology with their beautifully crafted, image-rich songs, only their Arkansan drummer, Levon Helm, was the genuine article. This updated edition of his life story includes a new epilogue that covers the last dozen years of his life. From the cotton fields to Woodstock and from seeing Sonny Boy Williamson and Elvis Presley to playing for President Clinton, *This Wheel's on Fire* replays the tumultuous life of Levon Helm in his own unforgettable folksy drawl. The Band, who backed Bob Dylan when he went electric in 1965 and then turned out a half-dozen albums of beautifully crafted, image-rich songs, is now regarded as one of the most influential rock groups of the '60s. But while their music evoked a Southern mythology, only their Arkansawyer drummer, Levon Helm, was the genuine article. From the cotton fields to Woodstock, from seeing Sonny Boy Williamson and Elvis Presley to playing for President Clinton, *This Wheel's on Fire* replays the tumultuous history of our times in Levon's own unforgettable folksy drawl. This edition is expanded with a new epilogue covering the last dozen years of Levon's life.

"A must-read for anyone interested in Rock and Roll's golden age." Williamsport Sun-Gazette
