Amazing book!!! :)By BeccaI've been wanting to read this book ever since it came out and I truly admired it so much because it helped me understand who she was more as a person and also Chris and who Selena shared her life with. This book touched me so much I tried holding back my tears as I

read all the beautiful things she did. I love how Chris described almost every detail about her but I felt like he was rushing telling the story at the end. I would recommend this book to all selena fans out there that want to know her more and I give it five stars because I never read a whole book and I wanted to keep reading each minute of the day. I even wish that it was longer because I don't want to stop reading about the great life of Selena's lol enjoy!0 of 0 people found the following review helpful. BeautifulBy CharlotteI haven't read a full book in years. I remember wanting to read this book but put it off over and over again. Finally I saw that a sample was available on and got hooked immediately. I bought the full book on impulse right after reading the sample. I love this book so much. I am so happy Chris got to tell his side of the story, a story he had kept hidden for decades due to his grief. I would read all over again. Not a dull moment in this book. It gets very emotional towards the last few chapters. Definitely worth reading5 of 5 people found the following review helpful. This book is awesome. In great condition!!!!!!!By shuntrice

Chris Perez tells the story of his relationship with music star Selena in this heartfelt tribute. One of the most compelling and adored superstars in Latin music history, Selena was nothing short of a phenomenon who shared all of herself with her millions of devoted fans. Her tragic murder, at the young age of twenty-three, stripped the world of her talent and boundless potential, her tightly knit family of their beloved angel, and her husband, Chris Perez, of the greatest love he had ever known. For over a decade, Chris held on to the only personal thing he had left from his late wife: the touching and sometimes painful memories of their very private bond. Now, for the first time, Chris opens up about their unbreakable friendship, forbidden relationship, and blossoming marriage, which were cut short by Selena's unforgivable death. Chris's powerful story gives a rare glimpse into Selena's sincerity and vulnerability when falling in love, strength and conviction when fighting for that love, and absolute resilience when finding peace and normalcy with her family's acceptance of the only man she called her husband. While showcasing a side of Selena that has never been disclosed before and clarifying certain misconceptions about her life and death, *To Selena, with Love* is an everlasting love story that immortalizes the heart and soul of an extraordinary, unforgettable, and irreplaceable icon.
