From Centipede Press : Tobe Hooper's Salem's Lot: Studies in the Horror Film before purchasing it in order to gage whether or not it would be worth my time, and all praised Tobe Hooper's Salem's Lot: Studies in the Horror Film:

0 of 0 people found the following review helpful. A significant amount of reprinted materialBy Sealed FateA significant portion of this book is reprinted from previously published material, the majority of which taken from back issues of various horror and fantasy related magazines. This explains the keen sense of deja vu I had experienced reading thru this book - I HAD read it before! Despite that disappointment in the lack of all new material the book is

well produced with a quality binding (though several of the photos seemed rather blurry and unfocused). My advice is to carefully review the contents before purchasing as this was not an inexpensive book. 1 of 1 people found the following review helpful. Great insight to the making of this classic horror movie ...By Norm CiconteGreat insight to the making of this classic horror movie and it's about time something like this has been released! I don't know why they didn't make a quality and proper sequel to this movie, it had all the right signs for it. I Know they attempted with A Return to Salems Lot but what a waist of time that was, absolute ruined the flow of this unique vampire story concept. I will definitely make a trip to Ferndale one day and really capture the moment from childhood memories. Thank you for selling me this book. Regards Norm 1 of 1 people found the following review helpful. ... seen the original 1979 horror classic (not the tedious remake made later) will want this 'behind-the-scene' treasury of ...By Bruce HolroydAny fan of 'Salem's Lot' who has seen the original 1979 horror classic (not the tedious remake made later) will want this 'behind-the-scene' treasury of facts and photos from the classic made-for-television masterpiece! Excellent companion to the film!!!!

Despite being held in almost total disregard by horror film cinephiles, Tobe Hooper's adaptation of Stephen King's Salem's Lot (1979) remains a fan favorite, and easily ranks as one of the most popular horror films ever created for television. This is the first book-length critical commentary ever published on this film, and contains many new interviews, behind-the-scenes stills, poster artwork, and other extras.
