**Drew : Toothpaste for Dinner** before purchasing it in order to gage whether or not it would be worth my time, and all praised Toothpaste for Dinner:

0 of 0 people found the following review helpful. 100%By amyYes, great read. I lent it to someone who lent it to someone else and I probably won't get it back. It's that good.0 of 0 people found the following review helpful. this guy is brilliantBy third.quarter.moonIf you've ever been to toothpastefordinner.com, you're already a fan. Here is a printed book of comics for when your power goes out. Hilarious.0 of 0 people found the following review helpful. Best book to keep at the officeBy VeroThis book totally makes me smile no matter what page I read. It's the best for those long, frustrating work days when I just want to slap someone for being too stupid. This book has saved me from several assault charges on coworkers!

Hi, I'm Drew. Welcome to my book. The hidden sub-sub-title is "Drawings I made while I was supposed to be working." These cartoons are drawn just as poorly as the ones in The New Yorker, except they are actually hilarious. I drew these cartoons while hiding in an empty cubicle in a giant beige building in the middle of a giant beige office park. See, you and I are like soldiers fighting on the battlefield of boring, since I am sure you have some sort of job

too. This book is small enough to hide in your briefcase or pocket. I will award you the beige heart, the official office-slacker badge of bravery. So, just go buy the book. Give a lopsided head dude something to eat. For the price of six fancy cups of coffee, you can make a difference. Do it today.

From the Publisher This title is a Book Sense Notable choice for January 2006! About the Author Drew's American-born humour has touched both sides of the Atlantic, as he is the back-page columnist for British magazine.net, and runs the successful website [toothpastefordinner.com](http://toothpastefordinner.com).
