From Hal Leonard : Toy Story (Piano/Vocal/Guitar Songbook) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Toy Story (Piano/Vocal/Guitar Songbook):

Only like 4 songs!By BaxterThey weren't kidding in the description when they say: "Songs include I Will Go Sailing No More, Strange Things, and You've Got a Friend in Me. Filled with full-color art from the film."This book might have like one additional song or instrumental.After purchasing and comparing the songbooks for Toy Story 1,2, and 3, I decided that the Toy Story 3 book had everything I needed. Unfortunately, I did not write this review while I still had the book in my possession so I can't list out all the songs (though unlike some songbooks, I would be willing to type them all in because there were only four songs total!).All of the books contain "You've Got a Friend in Me," so that is well-covered. The Toy Story 2 songbook had "Woody's

Roundup," but this was not a hugely popular song with my son so I sent it back.0 of 0 people found the following review helpful. Five StarsBy Carlos Mirelesexcellent book
