Fun Reading in and outside the bathroom By Simpson Fan My family and I are a big fan of the Uncle John Bathroom Reader books. I mostly leave it in the bathroom for the men to have as entertainment, because lets face it, they take a long time on the John! They love these books and I have even caught them reading it in outside of the bathroom (which is a little gross ;) - I highly recommend this and the other series of books from Uncle John. 0 of 0 people found the following review helpful. About the Author In 1987, Uncle John found himself stranded on his throne with nothing to read. That's when he came up with the idea to launch a series of trivia books specifically tailored toward his fellow bathroom readers. He gathered together the best trivia writers he could find and charged them with the task of combing the worlds of science, history, sports, politics, and pop culture to compile dozens of interesting articles that could be absorbed in just a few minutes. Now, with more than ten million books in print and a membership base topping 40,000 loyal readers, the movement begat by Uncle John is stronger than ever.
