He will sit and read for hours on end, everyonce in a while sharing something with me. I haven't personally read one of these yet (My husband has over 30 of them so far) but when the time comes I can't get to my computer or can't get out of the house, I know that this library of his books will always be there waiting for me. And in the meantime, every holiday that comes along, my husband eagerly awaits the next "Treasure" from Uncle John's books that I may find for him. If you have a husband or maybe a wife, that needs something to inspire, intrigue, fascinate, or just something to make them smile, I would surely suggest finding one of Uncle John's books for them.0 of 0 people found the following review helpful.
