Parker Tyler : Underground Film before purchasing it in order to gage whether or not it would be worth my time, and all praised Underground Film:

Parker Tyler (1904-1974), one of the few great American film critics, was intimate with and enormously respected by many of the underground and experimental filmmakers of his time. In this book, Tyler evaluated the Underground in general and the seminal films in particular, covering the history and scope of the genre with insight and verve. Like Tyler's *Screening of the Sexes: Homosexuality in the Movies* is one of the masterpieces of cinema literature.
