Mstr Big Cat Scott Henson Esq : Unpopular Opinion Fridays before purchasing it in order to gage whether or not it would be worth my time, and all praised Unpopular Opinion Fridays:

"80% of dentists are abusive cokeheads." "George Clooney is the best Batman" "About 10% of all Renaissance

depictions of the Garden of Eden feature Adam and Steve." These are opinions. Do you have an opinion? Yes, yes you do; everyone does because opinions are like assholes. But not everyone waves their asshole around in public, especially if they are "offensive" or "not politically correct" or "fucked up" whatever that means. So you're not Scott Henson. Maybe you wish you were Scott Henson. Maybe you'll like his opinions. Maybe not. Probably not. You'll probably think he's an offensive, ignorant, bating piece of shit. You could be right. But that's not a fact, that's just your opinion. Fascinating how they work; read this book and see just how offensive opinions get!
