C. Elton Blanchard : Wayside Experiences: A Collection of Plain Tales as Heard Along the Road (Classic Reprint) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wayside

Experiences: A Collection of Plain Tales as Heard Along the Road (Classic Reprint):

Excerpt from Wayside Experiences: A Collection of Plain Tales as Heard Along the Road It is an age of plain speaking. When any good purpose is to be served it is well to call a spade by its right name. The ancient and pseudo-respectable prudery is giving place to an earnest and intelligent desire to know more of the physical meaning of life. While teachers and preachers have been busy with the fine points of morals and ethics, the terrible scourge of venereal disease has been stealing into our homes, like a thief in the night, destroying innocent victims by thousands. Fiction writers have assumed or been allowed all manner of freedom in our current literature, even of the better class, so called, in dealing with suggestive situations, and illicit sex complications are boldly described, but any fair and truthful exposition of real dangers, even though presented in proper, though plain language, has been tabooed. The cry of the child, until recently, has not been heard - the cry that demanded the right to be well born, of clean and healthy parents; the call of the unborn to be given a fair chance, to have used in its behalf the best that science and progress could offer, all this has been until recently ignored. Now, a new era is dawning. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
