I love these peopleBy carryanneThe RAVE reviews are already rolling in for "Welome to Frost Heaves" ..(...Well, here' s MiNE, anyway!).....Pack your bags and come along on this joyous excursion back in time, to down-home comfort and a place where everybody knows your name ( and probably most of your business !!) There's no Home Depot or Stop and Stop HERE, thankyou just the same, .. INSTEAD you'll

find Dingle's Hardware Store run by Charlie Dingle, and The Frost Heaves Market : owned and operated by Bernie "Moochie Mueller"....(.Gosh, I love these people!! ) How about having your hair done down to Rick and Rhonda's Bait and Beauty Shop?? And seriously, I might be inclined to " get back to the fold" if we had a place of worship here in MY town like "The Frost Heaves Community Church", known for their monthly community suppers and the "HOLY CHOW" newsletter !!.....Who knew Sundays could be such a hoot ??.. .....Well, that's pretty much all you can weazel out of ME for now ; (I'm only on page 12 and I'm hooked already ! ) .....I'm headin' back to my recliner now for a heapin' second helpin' of FRED'S FROST HEAVINGS' !! I'm rationing out the fun to last the work week!!!!.....your friendly reviewer: Carole Steina,author of THE FACEBOOK CHRONICLES OF MIMI2 of 2 people found the following review helpful. I've Met Some of These PeopleBy Robert SuphanFred has painted an amusing picture of small-town New England. His writing is in the same style as his videos about Frost Heaves and I found myself laughing frequently at his descriptions of people and places. If you grew up in, or summered in, a small New England town you will recognized the folks that populate Frost Heaves. If you have never been to New England, the book will introduce you to real Yankees, described with both wit and warmth. Now I wish we had paid more attention to the Frost Heaves signs when driving through New England and had stopped to pay the town a visit.0 of 0 people found the following review helpful. Love you Fred Marple.By Pam StiegmanI chuckle with every chapter. New Englanders will be rolling on the floor laughing. This is a good look at Yankee frugality and dry wit.

A humorous collection of stories and news from the imaginary town of Frost Heaves, New Hampshire, culled from the performances of the author on his Prairie Home Companion-like variety show of the same name. In each show, the author's character, Fred Marple, tells a story about the imaginary characters that live and interact in Frost Heaves, and the lessons they learn from their often hilarious capers.

About the AuthorSinger, songwriter, and humorist, Ken Sheldon leads his merry bunch of Yankee comedians in a popular variety show of the same name, revealing all that is wacky and wonderful about New England. The self-proclaimed Garrison Keillor of New Hampshire writes regularly for Yankee magazine. This his first book.
