Sidney Harris : What's So Funny About Science?: Cartoons from American Scientist before purchasing it in order to gauge whether or not it would be worth my time, and all praised What's So Funny About Science?: Cartoons from American Scientist:

0 of 0 people found the following review helpful. This is actually a book: paper, binding, ...By A. Thomas This is actually a book: paper, binding, etc. I kind of wish I could also get this in digital form so it won't fall apart.2 of 2 people found the following review helpful. Quite a bit, apparently.By G. Kochanski OK, so I'm a scientist, but it's one of the few cartoon books that stands re-reading. And, it's not just me. One of my daughter's 7 year old soccer buddies was flipping through and giggling through the cartoons she understood. It's understated humor, and it often takes a leap together from the caption to the laugh, but every one is different and fresh. The facial expressions are particularly good.3 of 6 people found the following review helpful. And then a miracle occurs By A Customer This book contains the famous cartoon containing "then a miracle occurs".
