It's nice to have this book by the writer. The dialogue is clever, the characters are realistic and the humor is wonderful. We all know a Harry or Sally! It's a great romantic comedy by a talented writer. It is great to have the book to refer to if you want to look over a certain part from the

movie in detail. It is short, but that's the whole story!0 of 0 people found the following review helpful. Wonderful!By S. MillerThe dialogue sings with comedy, life lessons and ultimately, love. It does sound partially improvised but in a way that works. Very enjoyable. I read many details I missed watching the film.0 of 0 people found the following review helpful. Written by Nora Ephron -- author of screenplays for *Silkwood* and *Heartburn* (from her own best-selling novel) -- *When Harry Met Sally...* is as hilarious on the page as it is on the screen. The book includes an introduction by the author.
