CustomerEssential cult reading! The author has obviously done her research, and her point of view is quite hilarious. The choose-your-own design makes it fun to read as well. This would make a great gift for anyone interested in cults, or just treat yourself to an entertaining read (who doesn't want to know which cult they should join?!) Highly recommend!0 of 0 people found the following review helpful. Five StarsBy Sinopa82Such fun, great conversation piece1 of 1 people found the following review helpful. A lighthearted—but factual—look at some of the craziest cults in modern history. Do you prefer applesauce (Heaven's Gate) to Kool-Aid (Peoples Temple)? Do you think carrots are “the food of the Masters” (Church Universal and Triumphant) or that swimming and joking should be forbidden (the Fellowship of Friends)? This is the book for you! We help sort your E.T.-loving Raelians from your Moonies, your snake-handling Church of God with Signs Following from your Branch Davidians. To make the path to the reader's chosen cult easy, *Which Cult Should I Join?* is structured like a Choose Your Own Adventure book—in that the reader makes a series of decisions along the way to come to their chosen cult. And with forty of the most high-profile modern cults covered, we have one to suit every reader.
