I highly recommend this book for any Buffy or Joss Whedon fan - but I think it also has a broader appeal to any true fan of any television show that is not considered "popular" or "mainstream" enough. As any true fan knows, sometimes the best shows rarely make it past a season or two. They can be our secret pleasure, and not everyone gets its. Melissa McCauleyFrom the description, I expected this book to be laugh-until-your-sides-ache funny, a sort of David
Sedaris does the internet. Wrong. Not funny. Also, hoped for some behind the scenes action on my favorite show ever,
Firefly. Turns out, the author loves Joss Whedon, but hated this show. This book is a personal memoir, essays on the
wonderful power of fandom and the great friends she's made, how the web is not a dangerous, scary place.For a
hilarious read which lampoons sci-fi fandom, try Bimbos of the Death Sun by Sharyn McCrumb.

Allyson Beatrice lives a not-quite-ordinary life. Her job and almost everyone she knows are the result of spending too
much time on the Internet talking about vampires, slayers and lesbian witches. And her encounters are even more
unusual than you'd imagine. A hilarious collection of true stories from Allyson's days as one of the Internet's leading
cult TV fan gurus, her mind-boggling escapades include meetings with network executives in dark steakhouses to try
to save doomed TV shows and one hastily arranged wedding for two committed Buffy fans. Honest, emotional and
side-splittingly snarky, Allyson Beatrice brings a fresh voice to these wild but true stories. Will the Vampire People
Please Leave the Lobby? welcomes you to a fun and sometimes bizarre world where stupidity frustrates, wit triumphs
and connections are made in most unlikely ways...a world, in fact, not too different from our own.
