**Ian Doescher : William Shakespeare's The Clone Army Attacketh: Star Wars Part the Second (William Shakespeare's Star Wars)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised William Shakespeare's The Clone Army Attacketh: Star Wars Part the Second (William Shakespeare's Star Wars):

2 of 2 people found the following review helpful. If you enjoy Shakespeare OR Star Wars, you may end up fans of both. By J.E. Same standard as IV, V, VI and I. This is no mere rendering of the story in Shakespearean language, it taps into universal human themes in a way I would have expected from the Bard himself. Impressive use of meter and poetic devices! I love the combination of meter and rhyme in the lovers' dialogue. The author does an excellent job of both action scenes and of romantic dialogue. For fun: Doescher, as previously, has inserted gems of 'in-references' seamlessly into the dialogue - just one example - look for Mace's reference to the title of a well known Tarantino film. 1 of 1 people found the following review helpful. There's something perfect in reading all of this in iambic pentameter. By P. Galloway The surprise for me is how these films have been translated into the style of Shakespeare. There's something perfect in reading all of this in iambic pentameter. 0 of 0 people found the following review helpful. Five Stars By Customer You know the story, now view it from a different perspective.

Alack the day! A noble lady in danger. A knight and squire in battle. And a forbidden love that's written in the stars. Once again, the quill of William Shakespeare meets the galaxy of George Lucas in an insightful reimagining that sets the Star Wars saga on the Elizabethan stage. The characters are familiar, but the masterful meter, insightful soliloquies, and period illustrations will convince you that the Bard himself penned this epic adventure. To Shmi or not to Shmi? Torn between duty to the Jedi, attraction to Padm, and concern for his beloved mother, yeoman Jedi Anakin Skywalker struggles to be master of his fate. The path he chooses will determine not just his own destiny, but that of the entire Republic. And thereby hangs a tale.

About the Author Ian Doescher is the New York Times best-selling author of William Shakespeare's Star Wars series. He lives in Portland, Oregon, with his family. Visit him at [IanDoescher.com](http://IanDoescher.com).
