From Brand: Wallflower Press : Wim Wenders before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wim Wenders:

This visually arresting volume coincides with the company's release of Wim Wenders's seminal films and celebrates the work of one of contemporary cinema's finest directors. Featuring interviews, readings, and images of all his films, Wim Wenders immortalizes a remarkable body of work made by a filmmaker who consistently pushes the boundaries of cinema. Contributions include pieces by Walter Salles, Bernardo Bertolucci, and Wim Wenders himself.
