Howard J Morris : Women Are Crazy, Men Are Stupid: The Simple Truth to a Complicated Relationship before purchasing it in order to gage whether or not it would be worth my time, and all praised Women Are Crazy, Men Are Stupid: The Simple Truth to a Complicated Relationship:

1 of 1 people found the following review helpful. So far so good!By Barbara MillerHaven't finished reading it yet, but,

so far it is very good. Lots of humor, and that makes it more interesting to read and not boring. 1 of 1 people found the following review helpful. Women are Crazy, Men are Stupid By Karen Goosman Wonderful book. I am giving one to all family and friends for Christmas.. It's a funny look at men and women's communication. Totally put my marriage back in order. All copies arrived and in perfect shape. 0 of 0 people found the following review helpful. Hilarious! By B Guda The beginning of the book I found to be a little dull. But then after the second chapter I couldn't put it down! I literally LAUGHED OUT LOUD many times. I told my sister about the book and as I read her some excerpts, we were laughing so hard we were crying. Great, fast read.

THE REVEALING AND RIP-ROARINGLY FUNNY GUIDE TO MAKING EVERY RELATIONSHIP SMARTER, SANER, AND HAPPIER It's all very simple. When it comes to women, men are profoundly stupid. And when it comes to men, women—no matter how intelligent or mature—are completely crazy. Based on this groundbreaking insight, comedy writers and real-life couple Howard J. Morris and Jenny Lee have devised a relationship guide that is refreshingly honest, completely hilarious, and surprisingly practical. Using their own crazy/stupid romance as an example, they explain why women ask questions they don't want answered—and why men persist in answering them. Why do guys suck at being romantic? And why does every conversation with a woman lead back to whether or not she's fat? With wit, hard-earned wisdom, and an entertaining he said/she said format, the authors explore the unwitting method to his dumbness and the valid reasons behind her insanity while providing real relationship solutions and helping couples to reach the place where giving isn't giving in, needing isn't needy, and the sexes can break dysfunctional patterns and find a way to live happily ever after.

From Publishers Weekly In this comic relationship self-help, semi-functional (but self-aware) couple Lee and Morris brandishing their credentials as "a major nut bag" and "a genuine dunce," respectively—boil down the whole of male-female relationships to a simple, provocative statement, then go about examining the evidence and implications in an alternating, occasionally overlapping, he said-she said format. Most chapters follow the same structure, giving Morris the lead on any number of subjects—which came first, stupid or crazy; keeping your big dumb mouth shut; dealing with outsized expectations—after which Lee steps in with a response. This gives the book a male-oriented feel, but it's got enough laughs and insight to hook readers on either side of the gender divide, provided the egos involved aren't too fragile. Morris and Lee have a warm, funny, playfully adversarial relationship that's both intimate and identifiable, and put through the paces in lengthy, laugh-out-loud dialogues. For all its self-deprecating comedy, this volume provides valuable insight into typical relationship potholes, including chick-flick conflict, the dreaded "Do I look fat?" conversation and chronic miscommunication. Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. "What I love most about this hilarious battle of the sexes book is that while you're laughing it morphs into a great love story." -- Debra Messing "You'd be crazy not to buy this book for the man in your life. And if he won't read it, serve it with bacon." -- Tim Allen "Morris and Lee are stupid and crazy so you don't have to be. The chapter on romance is a classic!" -- Gigi Levangie Grazer "This book is laugh-out-loud funny. And I don't just mean that 'lol' stuff. I actually laughed out loud. The surprise is that a book this funny is also so wise. It's bursting with real insights and universal truths. At the same time, it's deeply personal. Howard and Jenny spare us no intimate details of their relationship. You're reading it thinking, Should they be telling us this? We don't know them that well. But ultimately, you realize they're telling us about our crazy/stupid selves." -- David Crane, cocreator of Friends "In this comic relationship self-help, semi-functional (but self-aware) couple Lee and Morris -- brandishing their credentials as "a major nut bag" and "a genuine dunce," respectively -- boil down the whole of male-female relationships to a simple, provocative statement, then go about examining the evidence and implications in an alternating, occasionally overlapping, he said-she said format... Morris and Lee have a warm, funny, playfully adversarial relationship that's both intimate and identifiable, and put through the paces in lengthy, laugh-out-loud dialogues. For all its self-deprecating comedy, this volume provides valuable insight into typical relationship potholes, including chick-flick conflict, the dreaded "Do I look fat?" conversation and chronic miscommunication." -- Publishers Weekly About the Author HOWARD J. MORRIS began his career in television, writing for the revolutionary HBO series Dream On, and then on the Emmy-nominated Home Improvement. He created the series, Holding the Baby and In Case of Emergency. He's also written on My Wife and Kids, According to Jim, and most recently, The Starter Wife. JENNY LEE was a writer on the hit comedy series Samantha Who?, starring Christina Applegate. And a writer on the Nickelodeon show, The Troop. She is also the author of three books of humor essays: Skinny Bitching, What Wendell Wants, and I Do. I Did. Now What?!: Life After the Wedding Dress. They live together in Los Angeles.
