By Susie Williams I hang a Curly Girl calendar in my work office every year as it brings a little cheer and happiness to otherwise stressful days. Some of the quotes may be a little cheesy, but overall, I think they're really fun and the pictures are bright and cheery, as you'd expect from Curly Girl. I get lots of positive comments on this from my coworkers!

By Sandy AZI give Curly Girl to my daughter every year. It hangs on the wall in her kitchen and there's plenty of room to jot down appointments or events. She said all the holidays are included. She loves the end of the month when she can turn the page and see what is going on in Curly Girl's world that month or what tidbit of information she provides.

Curly Girl is a young woman who knows what she wants out of life adventure, love, purpose, and a really cute pair of shoes to boot! This calendar draws from the whimsical and top-selling Curly Girl products created by artist Leigh Standley. These charming illustrations and accompanying messages are upbeat and inspirational.
