Good, but maybe not for your 13yo son!By JediMomMy 13 yo son is a big fan of Munroe's other books, What If? and Thing Explainer, so I got this for him for x.mas. Good thing I looked at it firstParents should be warned this book has explicit content (along the lines of "The mathematics of cunnilingus" and stuff like that). I didn't see anywhere where it notes this. Besides that, the book's pretty good :-)
4 of 4 people found the following review helpful. Someone tell me what xkcd stands for!By KikiWell...This book is so very funny.... however, I have to do a bit of research before understanding some of. Plus, I could sit here for hours trying to test codes or break equations! Nothing like nerd humor that makes my ancient brain remember, re-learn, or just plain never get! Maybe I'm just not that bright... NAH! It's that he's just that good! Hugely enjoyable book that may take me forever to finish! I won't stop 'til the last one makes sense!
XOK1 of 1 people found the following review helpful. Such a funny comic. Love XKCD. Great quality as well.By YourMomGreat square comic. Exactly what you would expect from the creator of XKCD_ comics straight from the site. Very funny and i love that they added the flavor text in. Recommend to any fan of nerdy/geeky humor.

Randall Munroe describes xkcd as a webcomic of romance, sarcasm, math, and language. While it's practically required reading in the geek community, xkcd fans are as varied as the comic's subject matter. This book creates

laughs from science jokes on one page to relationship humor on another.xkcd: volume 0 is the first book from the immensely popular webcomic with a passionate readership (just Google "xkcd meetup").The artist selected personal and fan favorites from his first 600 comics. It was lovingly assembled from high-resolution original scans of the comics (the mouseover text is discreetly included), and features a lot of doodles, notes, and puzzles in the margins.The book is published by Breadpig, which donates all of the publisher profits from this book to Room to Read for promoting literacy in the developing world.
