Bruce Bickel, Stan Jantz : Y2K: Don't Sweat It before purchasing it in order to gauge whether or not it would be worth my time, and all praised Y2K: Don't Sweat It:

Y2K-everybody's got an opinion. Some people say you should pack up your family and head for the hills, while others say the turn of the millennium will be a mild, barely noticeable inconvenience. But with all of these expert opinions floating around, just how do you make sense of it all? Y2K: Don't Sweat It! delivers a balanced perspective of insight, penned with wit and wisdom, to welcome the new millennium with hope and humor. Whatever your opinion, you'll appreciate this down-to-earth, common sense guide to approaching the year 2000.
