for the content of the book itself, if you've ever read the Choose Your Own Adventure series and enjoyed it (as I did as a kid) and just wanted a more adult rendition, this may be for you. It is a work of parody of course, so don't expect the same level of seriousness (which when read today is funny in itself), but there are plenty of wacky choices and the main character (you) are thrown into a series of hilarious dialogue and out of the ordinary events. Despite this, it reads as if you're just an average Joe going through the whole situation. It honestly seems like the author thrust his own life into a series of strange events and gave the reader choice over how they might handle such situations. Another note, the author is definitely writing with a heterosexual male bias. Which is fine for me, but others may be offended or put off by this I suppose, considering the book reads as if you are the protagonist, you kind of have to fit the role at least a little bit to get a lot of the humor. All in all, I was glad I purchased the book, and it definitely is a good laugh with plenty of fun choices, much in the spirit of the books it parodies.

By frawcm26 Taking different paths in this book will both entertain you, and make you feel like doing something with your life.....so you don't turn out like the character in the book.

Why Do All the Nice Girls End Up Getting Kidnapped and Held for Ransom? In this book, YOU, the reader, are a thirtysomething part-time actor/full-time waiter suddenly caught up in a kidnapping. Julia, the girl you went out with last night, has been TAKEN HOSTAGE. What will you do? Will you go to the police and ask for help? Will you burst into the hideout, killing everyone in sight, then tell Julia that she shouldn't misinterpret this as some sort of big commitment? Or will you unplug your phone and just get really, really drunk? The choice is yours! You awake to the sound of the phone ringing. "Hello?" You hear a man's voice. It is muffled. "We've got Julia." "Wait, what do you mean?" "We have kidnapped your girlfriend. If you ever want to see her again---" "Whoa, she's not my girlfriend," you say. "I just met her. I mean, I had a good time with her and all, but I wanna take it slow with this one, I think." "We understand," the voice says. "But she's new to the city, and presently, you're all she has. Give us fifty thousand dollars by tomorrow or we'll blow her head off." If you want to go and ask your parents if you can borrow fifty thousand dollars, go to page 173. If you want to have sex with your ex-girlfriend, consider getting back together with her, then think better of it, go to page 183. **BE VERY CAREFUL!** You're directing the story and the CHOICES you make can result in MURDER, GRADUATE SCHOOL ENROLLMENT, TORTURE, MARRIAGE, POST-APOCALYPTIC SLAVERY, UNWANTED PREGNANCY, even TEMPING! It's YOUR STORY and YOUR LIFE. All you've got to do is decide which page you want to turn to. **JUST MAKE A CHOICE!**

"You are a miserable excuse for a person if you don't buy this hilarious book. Bob Powers is some kind of comedy genius or something. Frankly, I'm scared." -Paul Feig, creator of the TV series "Freaks and Geeks" and author of Superstud

"There are page turners and then there are page turners. This wonderful, pathetic tale left me wanting more pages." -Zach Galifianakis, Humorist

"No one I know writes so funny and so sad at the same time better than Bob Powers. If you're willing to take a chance and jump into his twisted mind, you're in for a delicious, cringe-inducing treat. ... This book is like those great 'Choose Your Own Adventure' books we read as kids, if the pain and soul-crushing responsibility of adulthood had infested the whole thing." -Bryan Tucker, writer for "Chappelle's Show" and "Saturday Night Live"

"As I read Bob Powers' 'Just Make a Choice!' adventure, I endeavored to choose honestly, according to my own ethics and beliefs. Unfortunately, this resulted in babies being aborted, people being murdered, unspeakable debauchery and multiple dead-end jobs, just like my real life!" -John Roderick, lead singer/songwriter, The Long Winters
