Corey Taylor : You're Making Me Hate You: A Cantankerous Look at the Common Misconception That Humans Have Any Common Sense Left before purchasing it in order to gage whether or not it would be worth my

time, and all praised *You're Making Me Hate You: A Cantankerous Look at the Common Misconception That Humans Have Any Common Sense Left*:

3 of 3 people found the following review helpful. Possibly the Best I've Ever Read
By Ryan E. Corey Taylor takes thoughts on human life to a whole new level. It is a vulgar yet expertly written look into what makes sane people unbearably angry at the rest of our species. It is a perfect mix of gut busting humor and serious food for thought. Incredible book and no doubt the best I've read in a long time.
0 of 0 people found the following review helpful. He's writing everything we don't want to say out loud
By Customer Exactly what I expected from a Corey Taylor book. I'm sure some people are shocked by some of his opinions but most likely he's just saying things that we have all thought of at some point but didn't say out loud. A few of his points definitely made me change my perspective about how people just don't care about anything except themselves and winning the rat race.

By Kelley Channell My daughter has actually started reading a real live BOOK and put down her phone! This was purchased for her 16th birthday, per her request.

Corey Taylor has had it. Had it with the vagaries of human behavior and life in this postmodern digital blanked-out waiting room that passes for a world. Reality TV, awful music, terrible drivers, megamalls, airports, family reunions, bad fashion choices, other people's monstrous children, and badly-behaved "adult" human beings are warping life in the twenty-first century into an often-unbearable endurance test of one's patience, fortitude, and faith. Funny, profane, blasphemous, and above all right on target, *You're Making Me Hate You* is pure Corey Taylor unleashed, exposing the underbelly of human depravity in all its ragged glory.

Praise for *You're Making Me Hate You*
Examiner.com, 7/1/15 An entertaining read.
Sonic Sound Magazine, 7/7/15 An enjoyable read that will have you nodding in agreement and chuckling at Corey's expletive-filled, but justifiable rants.
Popmatters, 9/1/15 Taylor's third book takes a critical and shameless look at the state of society
The selling point here is his grouchy, comedic take on the human condition, but the real depth comes from Taylor's keen awareness and humanity. While nobody can be the authority on people watching, in his detail Taylor comes very close. his power comes from his wicked smarts and observational skills he calls, anthropological research. *You're Making Me Hate You* is a fun read
