If You Liked the First Book, You'll Like this One Even, with Almost 20% More Pages of Jokes Humor.By Andy Anderson aka Travis C. At 109 pages, this booklet has about 18% more pages of jokes and humor than its predecessor, You Wouldn't Like It Here.If you liked the first book, you'll enjoy this one at least as much. BTW, it's called North Dakota because it is north of any place any sane person would move to.Anyway, the authore has written a number of books and this one is a god read.
