Zayn : Zayn before purchasing it in order to gauge whether or not it would be worth my time, and all praised Zayn:

Good but isn't what I expected By Angelica From the bio and all the hype about the book, I expected this to be almost like an inside look into Zayn's journal through out the past few years, or him giving his 100% unfiltered thoughts on the situations he has faced, and that's not what this is at all. It's mostly pictures of Zayn with little blurbs of "I'm finally in control" and a little background of a few select songs. It's a decent book for what it is but it's not at all what was expected. 0 of 0 people found the following review helpful. Lovely Read and Great Purchase By Alexandra Jones Zayn by Zayn is a beautiful book filled with stunning pictures and an engaging narrative. As a fan of Zayn, I was automatically interested in everything he had to say, especially about his music making process. However, I think even non-fans will enjoy his take on things. He subverts a lot of rumors and myths the media has perpetuated about him and defines himself on his own terms. In addition to talking about his time in One Direction, he also talks about growing up, coming into his own, and dealing with serious issues like anxiety. It's not a

fluff piece ghost written by some random person. Zayn writes how he speaks and he writes from the heart. All of that makes this book a worthwhile purchase and a good way to spend a few hours one afternoon. 0 of 0 people found the following review helpful. Great book. By Fernando. You really have to read his story to understand where he's at in life from where he's coming from. It's a great read and I truly respect that he chooses to be a performer even though he's an anxious shy person. Props to him because that is a nerve racking thing to sing in front of thousands.

The first and only official book from ZAYN. Global superstar ZAYN shares a photographic journey of his life since leaving One Direction. "This book is my diary of a period that I would like to share with you all. I hope that there are things in the book that contextualise some of the moments and memories we have all shared together. There are things I address in the book that are very personal to me, things that I have never told anyone, things I still find hard to talk about. It's a part of a journey I'm still on." The New York Times Sonically, you won't find many pop albums in 2016 more immaculately conceived than this. SPIN Sublime. USA Today Malik can sing . . . he's done this before, but not like this. Rolling Stone A moody, deeply textured RB album Los Angeles Times Zayn has clearly achieved his aim of making an album of sexy, credible pop-RB. NME
