Doodling is known to be therapeutic and this book not only exposes the power of doodling zen horses but also explains its uses, where it is normally depicted and how it can help us. It also provides a step by step guide especially for beginners on how to

doodle horses and also lists the materials needed - which are not thankfully not very expensive, I cannot wait to start doodling even if I am not really very good at it! 0 of 0 people found the following review helpful. great book By Karen Israel If you ever wanted to know how Adult Coloring books are created, or if you want to join the list of authors designing them, THIS IS THE BOOK FOR YOU!!!
